**Subject:** Tobacco Weights for MA Compliance

For PTL Request MA97-1 below are the tobacco weight results reported as the average of three replicates of 50 cigs each.

MR4B - 0.709 gms (S.D. 0.0021) Total filler wt. (150 cigs) - 106.4 gms  
MRM6B - 0.672 gms (0.0045) Total filler wt. (150 cigs) - 100.8 gms  
ML6 - 0.672 gms (0.0037) Total filler wt. (150 cigs) - 100.8 gms  
ML6MB - 0.650 gms (0.0042) Total filler wt. (150 cigs) - 97.5 gms

Per your request, five additional cigs were ripped and the filler supplied for the ML6MB (3.25 gms) to increase the total amount of filler supplied to 100.75.

We will adjust the procedure to ensure that more than 100 gms is supplied for all brands.
